

ABHIJEET GAJADHANE

Software Developer | Full Stack Developer | MERN Stack Developer

+91 9422647642 | gajadhanetathaget@gmail.com | linkedin.com/in/abhijeet-gajadhane-0b19a42b2 | github.com/Abhijeet1234567890

SUMMARY

Full Stack Developer with hands-on experience building responsive, user-friendly web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in developing REST APIs, implementing authentication, and working with relational and NoSQL databases (MySQL, MongoDB/Mongoose). Strong foundation in JavaScript, Git/GitHub version control, and collaborative team development. Quick learner with a keen interest in problem-solving, clean code practices, and continuous growth in a dynamic tech environment.

EXPERIENCE

Full Stack Developer Intern — S3Infosoft

2 Months (Stipend)

- Completed a 2-month stipend internship on MERN stack (MongoDB, Express.js, React.js, Node.js) development tasks, assisting in building and maintaining web application features.

Software Developer — S3Infosoft

Currently Working

- Continuing at S3Infosoft as a Software Developer, working on front-end and back-end tasks, bug fixes, and feature enhancements using the MERN stack.

TECHNICAL SKILLS

Frontend:	HTML5, CSS3, JavaScript, React.js
Backend:	Node.js
Database:	MySQL, MongoDB (Mongoose)
Languages:	C, C++, Java, JavaScript
Tools:	Git, GitHub, VS Code
Concepts:	REST APIs, Authentication, CRUD Operations, Responsive Web Design

EDUCATION

B.Tech, Computer Engineering

2023 – 2026

Jaywant College of Engineering and Polytechnic, K.M. Gad, Walwa, Sangli

SGPA: 7.56 (Currently in Third Year)

Diploma in Computer Engineering

2023

K.K.I. Polytechnic, Akkalkot

Percentage: 74.20%

SSC

2020

Gramin Vidya Vikas Vidyalay, Chaplagaon

Percentage: 78.20%

PROJECTS

Messwala — MERN Stack (React.js, Node.js, MongoDB)

- Contributed to an online food/mess subscription management platform as part of a team project.
- Worked on features for user registration, protected login, and meal/subscription data handling.

Grampanchayat Management System — MERN Stack

- Built a web-based portal for managing village-level (Grampanchayat) records, citizen services, and role-based access.

GATE Preparation Portal — React.js

- Developed a web app for GATE aspirants with study material, mock tests, and progress tracking via a user dashboard.

Bakery Shop Management & Coffee Shop Management — React.js

- Built platforms for user registration and protected login for both applications.
- Enabled users to add, update, delete, and view product data, with a feedback submission feature.
